—
EXPERIENCE & PROJECTS

Web App Developer, RIT SpringFest | *February - April 2025*
- Developed an interactive web app for a touchscreen kiosk.
- Utilized jQuery, Javascript, and Gmail SMTP to allow users to customize an avatar and email their design for safekeeping.

🔗 **Portfolio Website** | *2022 - Present*
- Full-stack designed and developed, hosted and updated with GitHub Pages, featuring my design and math projects.

🔗 **Biome V1 Cards & Campaign** | *Summer 2020*
- Independently illustrated a complete deck of 54 nature-themed playing cards.
- Created all campaign assets, including an original frame-to-frame animation.
- Raised $6,800+ through Kickstarter to professionally print and ship over 500 decks around the world.
